Theater J produces thought-provoking, publicly engaged, personal, passionate and entertaining plays and musicals that celebrate the distinctive urban voice and social vision that are part of the Jewish cultural legacy. Acclaimed as one of the nation's premiere playwrights theaters, Theater J presents cutting edge contemporary work alongside spirited revivals and is a nurturing home for the development and production of new work by major writers and emerging artists exploring many of the pressing moral and political issues of our time. Dedicated above all to a pursuit of artistic excellence, Theater J takes its dialogues beyond the stage, offering an array of innovative public discussion forums and outreach programs which explore the theatrical, psychological and social elements of our art. We frequently partner with those of other faiths and communities, stressing the importance of interchange among a great variety of people wishing to take part in frank, humane conversations about conflict and culture.
